Funds halved since 2019, claims govt

It also listed out the reasons that could have led to the increase in deposits, including rising business transactions by Indian companies, rise in deposits owing to the business of Swiss bank branches located in India and increase in inter-bank transactions between Swiss and Indian banks. Besides, capital increase for a subsidiary of a Swiss company in India and increase in the liabilities connected with the outstanding derivative financial instruments could be the other potential reasons for this jump in deposits, the ministry explained. "The Swiss authorities have been requested to provide the relevant facts along with their view on possible reasons for increase/decrease...", the ministry added. An automatic exchange of information in tax matters between Switzerland and India has been in force since 2018. Under this framework, detailed financial information on all Indian residents having accounts with Swiss financial institutions since 2018 was provided for the first time to Indian tax authorities in September 2019 and this is to be followed every year. The ministry said exchanges of financial account information in respect of resi-

dents of each country have taken place between both countries in 2019 as well as 2020. "In view of the existing legal arrangement for exchange of information of financial accounts (which has a significant deterrent effect on tax evasion through undisclosed assets abroad), there does not appear to be any significant possibility of the increase of deposits in the Swiss banks which is out of undelared incomes of Indian residents," it added. **'No intent to delay minimum wages'**

In an official statement issued Saturday, the labour ministry said, "The tenure of the expert group is three years. It has come to notice that certain sections of the press and some stakeholders have opined this as an attempt to delay the fixation of minimum wages and national floor wages by the government. It is clarified that the government does not have any such intention and the expert group will submit its recommendations to the government as early as possible," the statement added, but did not mention any timeline for implementation of the provision. The government, however, stated that the tenure of the panel has been kept as three years so that even after the fixation of mini-

mum wages and national floor wages, the government may seek technical inputs or advice from the expert group on subjects related to minimum wages and national floor wages, as and when required. "First meeting of this group was held on June 14 and the second meeting is scheduled for June 29," it said. After the labour ministry announced the constitution of the panel, Rashtriya Swayamsevak Sangh (RSS)-affiliated Bharatiya Mazdoor Sangh (BMS), the country's largest trade union, flayed the move.

Hyundai riding high on diesel, SUV sales

With Friday's launch of the Alcazar, the Hyundai duo now has eight UVs in its portfolio (Hyundai's Alcazar, Creta, Venue, Kona EV and Tucson, and Kia's Sonet, Seltos and Carnival). Maruti Suzuki, on the other hand, has just four (Ertiga, XL6, S-Cross and Vitara Brezza). As far as only SUVs are concerned, in the first five months of CY2021, 4,67,771 SUVs were sold in India; of these, Hyundai had a one-fourth share with 1,09,172 units (57,342 units of the Creta and about 50,000 units of the Venue). Tarun Garg, director, sales & marketing, Hyundai Motor India, told FE that after the launch of the Creta in 2015 the carmaker's share in the SUV segment has been rising—from 11.3% in 2015, to 22.7% in 2019, and 25.5% in 2020.
